

From San José, take the highway that becomes the Pan American highway (#1). Continue on highway #1 about 82 KM after you pass San Ramon, and go west to the Tempisque bridge. Turn right in La Irma to enter to Las Juntas (route # 143), drive 6 KM to the downtown. You will find on your left "The Mangos Bar & Restaurant", to the right will be the park where the original steam locomotive from those mining days is displayed. Continue straight toward the end of that avenue (don't go in the gravel) and turn left through town. You will shortly come to a bridge over the river where you will see a life size statue of gold miners in the center of the roadway. Turn right at this intersection and you are on the road to Monte Verde. Two kilometers from this point you will come to a "Y" in the road. To the right 2 KM is Pueblo Antiquo Lodge & Spa.
